Interviews conducted may include: Program Coordinator, Direct Support Professionals and people in the sample.
OO.CQ.18	2	1	Does the provider ensure that the health of staff does not place individuals served at risk from a communicable disease?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to the health of staff and required screenings for staff. This includes, but may not be limited to the General Provision rule.	Documents to be reviewed may include: employee records related to PPD results, the offer of the hepatitis B vaccine with either an acceptance or declination, and the process for obtaining the hepatitis B vaccine for staff who accept the offer. Interviews conducted may include: the Human Resource person, the nurse, and Direct Support Professionals.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.MAN.6	2	5	Does the provider have a system in place to ensure it has current and accurate health care information that impacts the services the provider offers to individuals?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to documentation of the health care needs of the individuals. This includes, but may not be limited to the ISP Policy and Procedure, the Health and Wellness Standards, and the Utilization of Local Funds to Purchase, Repair, Rent or Lease Adaptive Equipment Policy and Procedures.	Documents to be reviewed may include: medical records of people in the sample to include, health passports, HCMP's, Form 1, Nursing Assessment form A or B, physician orders, MAR's and medication side effect sheets. Interviews conducted may include: health care professionals, program coordinators, health care clinicians and people in the sample.
OO.CQ.31.13	2	5	Has the provider taken necessary actions to meet the health care needs of the individuals, through timely evaluation of needs and modification of supports, as required by DDS standards?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to the ongoing health care needs of the individuals. This includes, but may not be limited to the ISP Policy and Procedure, the Health and Wellness Standards, and the Utilization of Local Funds to Purchase, Repair, Rent or Lease Adaptive Equipment Policy and Procedures.	Documents to be reviewed may include: nursing notes, physician orders, clinical assessments, Service Coordinator notes and Waiver Prior Authorizations. Interviews conducted may include: health care professionals, program coordinator, Direct Support professionals and people in the sample.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.CQ.33.13	2	5	Does the provider ensure a TMEs ability to properly administer, document and store medications is evaluated by a registered nurse per current DDS standards?	This indicator is specific to those providers that utilize TME's. The provider is expected to be in compliance with the DDS Health and Wellness Standards related to medication administration by TME's.	Documents to be reviewed may include: evaluation records used by the RN and training records. Interviews conducted may include: TME certified staff and nursing staff.
OO.CQ.19	2	3	Does the provider maintain a safe environment at service delivery sites?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to maintaining a safe and clean environment where services are delivered. This includes, but may not be limited to the DDA Provider Certification Review Guide.	Documents to be reviewed may include: Universal Precaution plan and evidence of its implementation, maintenance checklists, and maintenance receipts. The process for checking fire extinguishers, smoke detectors and carbon monoxide detectors will be reviewed. Interviews conducted may include: maintenance personnel, QI staff, Program Coordinators, Direct Support professionals and people in the sample.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.CQ.36.13	2	3	Does the provider have and implement a system to demonstrate all vehicles are properly licensed and insured?	The provider is expected to be in compliance with all licensing regulations and transportation rules outlined in the DC Municipal Code, Waiver General Provisions rule and the Supported Living with Transportation service rule.	Documents to be reviewed: copies of their vehicle registration, their vehicle insurance and inspections. They are expected to present a sample of vehicles for inspection by the PCR team. People to be interviewed: staff responsible for the maintenance and licensing of vehicles.
OO.CQ.29	2	1	Is there evidence that the provider routinely inspects the agency owned vans for cleanliness, functionality and condition?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to the maintenance of vans. This includes, but may not be limited to the General Provision rule.	Documents to be reviewed may include: vehicle maintenance logs and vehicle checklists. Interviews conducted may include: maintenance personnel, program coordinator, and direct support professionals.
OO.HH.10	2	1	Does the Contract Provider have a system in place to ensure that respite to the caregiver and emergency support up to a total of 14 days per year is available for each Host Home?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to the delivery of host home services. This includes, but may not be limited to the host home waiver rule.	It is not intended to be a complete list. Documents to be reviewed may include: staffing schedules, progress notes and agreement with Host Home family. Interviews conducted may include: Host Home family and program coordinator.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.MAN.7	3	5	Does the provider ensure that individuals served are protected from employee's with prohibitive criminal backgrounds?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to required criminal background checks. This includes, but may not be limited to the General Provisions Waiver Rule and the Health Care Facility Unlicensed Personnel Criminal Background Check Amendment Act of 2002.	Documents to be reviewed may include: copies of criminal background checks. Interviews conducted may include: HR personnel and program coordinators.
OO.CQ.21	3	3	Does the provider ensure all staff meet the basic requirements set forth in the Waiver Rule General Provisions Chapter 19?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to the basic staff requirements. This includes, but may not be limited to the General Provisions Waiver Rule.	Documents to be reviewed may include: personnel files of all staff. Interviews conducted may include: HR personnel, program coordinators and direct support professionals.
OO.CQ.37.13	3	3	Does the provider have and implement a system to ensure that staff are informed of their job duties and expectations that is in accordance with DDS guidelines?	The provider is expected to be in compliance with the General Waiver rule regarding staff records and each individual service rule regarding the need to have written job descriptions.	Documents to be reviewed: copies of job descriptions, copies of supervision plans. People to be interviewed: Direct Support Staff, HR Director, Program Manager.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.MAN.8	3	3	Is there evidence present that all staff have met the requirements of Phase I Direct Support Staff training?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to staff training. This includes, but may not be limited to the DSP Training Policy and Procedure.	Documents to be reviewed may include: personnel files, staff training records, and training curriculum. Interviews conducted may include: training personnel, program coordinators, and direct support professionals.
OO.MAN.9	3	5	Is there evidence present that all staff have met the requirements of Phase II Direct Support Staff training?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to staff training. This includes, but may not be limited to the DSP Training Policy and Procedure.	Documents to be reviewed may include: personnel files, training records, records of people being served by the agency. Interviews conducted may include: training personnel, program coordinators, direct support professionals, persons served by the agency.
OO.CQ.22	3	3	Is there evidence present that all staff have met the requirements of Phase III Direct Support Staff training?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to staff training. This includes, but may not be limited to the DSP Training Policy and Procedure.	Documents to be reviewed may include: personnel files, staff training records, and training curriculum. Interviews conducted may include: training personnel, program coordinators, and direct support professionals.
OO.CQ.23	3	3	Is there evidence present that all staff have met the requirements of Phase IV Direct Support Staff training?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to staff training. This includes, but may not be limited to the DSP Training Policy and Procedure.	Documents to be reviewed may include: personnel files, staff training records, and training curriculum. Interviews conducted may include: training personnel, program coordinators, and direct support professionals.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.MAN.14	3	1	Does the provider have a system in place to ensure it meets the standards outlined in the DDS Training Policy?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to staff training. This includes, but may not be limited to the DSP Training Policy and Procedure.	Documents to be reviewed may include: the providers training policy and procedures, training calendar, resume of trainers, personnel files, staff training records, and training curriculum. Interviews conducted may include: training personnel, program coordinators, and direct support professionals.
OO.CQ.24	3	3	Are interpreters provided for non-English speaking participants and those with hearing impairments?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to ensuring individuals are able to communicate in a successful manner. This includes, but may not be limited to the General Provisions Waiver Rule and the Language Access Policy.	Documents to be reviewed may include: the providers language access policy. Interviews conducted may include: program coordinators, direct support professionals, people served by the agency and their guardians.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.SE.6	3	3	When paraprofessionals provide supported employment activities, is evidence available that they are supervised by a supported employment professional?	This indicator is specific to Supported Employment. The provider is expected to be in compliance with the Supported Employment waiver rule regarding staff qualifications. In addition, they must meet all other DDS policies/rules and published guidelines related to this indicator.	Documents to be reviewed may include: resume of supported employment professional and progress notes. Interviews conducted may include: the supported employment professional, job coaches and persons served by the agency.
OO.MAN.10	4	3	Does the provider have policies and procedures regarding a Quality Assurance Plan that effectively evaluates the quality of services delivered and initiates changes when warranted?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to continued compliance of DDS policies/procedures and published guidelines. This includes, but may not be limited to the General Provisions Waiver Rule, the Provider Performance Review Policy, the Provider Performance Review Procedure and the Provider Readiness Procedure.	Documents to be reviewed may include: policy and procedure manual. Interviews conducted may include: management staff, QA staff, program coordinators.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.CQ.25	4	5	Does the provider implement a Quality Assurance plan that effectively evaluates the quality of services delivered and initiates change when warranted?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to continued implementation of current DDS policies/procedures and published guidelines. This includes, but may not be limited to the General Provisions Waiver Rule, the Provider Performance Review Policy, the Provider Performance Review Procedure and the Provider Readiness Procedure. In addition, the provider is expected to show continued implementation of the provider's Continuous Improvement Plan document and the Corrective Action Plan approved by the Provider Certification Review Team.	Documents to be reviewed may include: policy and procedure manual, continuous improvement plan with quarterly updates, copies of checklists used for auditing, results of internal audits. Interviews conducted may include: management staff, QA staff, program coordinators.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.CQ.34.13	4	3	Has the provider written all policies/procedures/protocols required by DDS and have evidence of implementation when appropriate?	The provider is expected to present copies of their policies that correspond with DDS policy requirements. The providers policies will be reviewed to ensure the provider has all required policies and that they are being implemented. Policies related to other organizational indicators such as consumer funds (referenced at OO.RH.2, OO.SL.2 and OO.HH.2) will not be cited here if it is not available or is not being implemented. This will prevent a provider from being cited twice if certain policies are not available.	Documents to be reviewed include: the provider's policies and procedures and documents verifying implementation of them. People to be interviewed: all staff may be interviewed to confirm training on staff policies.
OO.CQ.26	4	1	Does the provider demonstrate a commitment towards quality, by soliciting and communicating information to all stakeholders?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to soliciting information from stakeholders regarding the quality of services and sharing information regarding the services being delivered. This includes, but may not be limited to the Internal Problem Resolution Policy and Procedure and the ISP Policy and Procedure.	Documents to be reviewed may include: provider internal problem resolution policy and procedure, written process for how concerns can be expressed by people served by the agency as well as their advocates, the results of investigations related to any concerns and copies of any surveys conducted. Interviews conducted may include: all staff and people served by the agency and their advocates.

Provider Certification Review Organizational Outcomes 1.1.14

Identifier	Outcome	Weight Factor	Indicator	Guidance regarding rules, policies and procedures	Guidance: Information Gathering The guidance below identifies documents that may be reviewed, and is not intended to be a complete list. The documents reviewed and the interviews conducted may be expanded based on information revealed during discussion
OO.CQ.27	4	1	Does the provider have a governing board which effectively discharges its public stewardship responsibilities and is comprised of a diverse group of people?	The provider is expected to be in compliance with all DDS policies/procedures and published guidelines related to the requirement for a Board of Directors. This includes, but may not be limited to the General Provisions Waiver Rule and the Provider Readiness Procedure.	Documents to be reviewed may include: a list of Board members and copies of Board Member meeting minutes. Interviews conducted may include: management staff and Board members.
OO.HH.9	5	5	Does the Contract Provider have a system in place to ensure coordination of health care monitoring for individuals, at a minimum, monitoring by a registered nurse at least every 60 days for individuals with no medications, and monthly for charting, progress notes, and a general review of individuals receiving medications?	This indicator is specific to Host Home. The provider must meet the monitoring requirements for the Host Home waiver rule related to health care monitoring. In addition, they must meet all other DDS policies/rules and published guidelines related to this indicator.	Documents to be reviewed may include: health care notes, physician orders, MARs and visitor logs. Interviews conducted may include: Host Home family, people served by the agency, agency nurses, and program coordinator.
