

## Assuring Rights during COVID-19:

### A Discussion for DDS Staff, Service Providers, and Community Members

#### Event Description:

“Do I still have to wear a mask?” “When can I go to work or to my day program?” “Can my family and friends visit?” These are just a few questions people may have during this COVID-19 public health emergency. To discuss answers to these questions, DDS invites the support community to participate in a virtual discussion about assuring rights during COVID-19.

During this guided conversation, we will talk about ways to support people to achieve the balance of exercising rights with staying healthy and safe. You will also learn where to find important information that will help you stay up to date with any changes.
