Individualized Day Supports Monthly Community of Practice

September 19, 2014

Training on Writing Good OCIPs

- Training held September 9th
- If your agency or some key people on your staff missed this training, you can access the training materials on the IDS webpage.
- Service Coordinators also received training on evaluating OCIPs

ICIP and OCIP Fillable Templates

- A number of fixes are being made right now, based on feedback from IDS providers
- Notice will be sent when updated versions are posted on IDS webpage

Submitting ICIPs and OCIPs

Please email to Service Coordinator

The Service Coordinator will review, ensure completeness, and the upload into MCIS

Do not upload directly into MCIS

Updates

Waiver Amendment

#1. Current rates supports 1:2 but people are being referred for 1:1 or matching challenges are making 1:2 hard to provide in practice

#2. Recruiting and retaining staff to provide IDS for part-time service authorizations.

#3. Unexpected absences causing DSPs to lose paid hours they were expecting.

- #4. Transportation:
- Reliability of MTM in bringing people to community locations and picking people up at community locations rather than Day Hab facilities
 - Solutions?

- **#5.** Transportation:
- Difficulty with getting passes for public transportation so IDS participant and DSP can ride for free (full cost without passes not covered in IDS rate)
 - Solutions?

#6. Transportation:

 IDS participants reluctant or unwilling to use public transportation, even with DSP accompanying them

#7

#8

#9

#10

Inclement Weather Policy

- When should weather cause a change in scheduled IDS activities for a person?
- When should weather cause a cancellation of an IDS service day for a person?
- If the IDS activities are <u>changed</u> because of inclement weather, what kind of alternative activities should be acceptable?

Great Books to Inform IDS

Adults with disabilities enjoying active, rewarding, and meaningful daytimes in their communities—that's the reality when service providers tap into innovative support strategies that really work. An in-depth guide to the most effective strategies, this resource gives service providers proven ideas for supporting adults with significant disabilities as they

-Find employment that fits goals and desires

-Pursue individual interests and hobbies

-Develop social relationships and community connections

-Participate in postsecondary education

-Maintain active, healthy lifestyles as they age
