The District of Columbia's Person-Centered Learning Community brings people supported by services, families, and caregivers together with representatives of the District's service and support system—including government agency and direct service provider leaders.

This is an opportunity to work together towards a shared vision of a Person-Centered system by drafting advocacy strategies and tools, identifying best practices, and promoting a culture of learning.

Please join in the upcoming meeting if you are interested in learning more about or have completed the following trainings:

- 2-Day Person Centered Counseling Training
- People Planning Together Training
- Families Planning Together Training
- Department of Behavioral Health (DBH) Person Centered Training

E-mail emily.price@dc.gov or call 202-262-2174 with any accommodation requests and to **RSVP by Monday, December 4th**.
