PART I - THE SCHEDULE
SECTION C
DESCRIPTION/SPECIFICATIONS/ STATEMENT OF WORK

C.1 BACKGROUND/GENERAL REQUIREMENTS:

The Department of Mental Health (DMH) is a cabinet level agency in the District of Columbia that reports directly to the Mayor. The DMH provides Emergency Care and comprehensive Mental Health Services, along with providing supports to District Residents in need of the public Mental Health System. DMH evaluates and treats individuals referred through the criminal justice system. DMH serves more than 21,000 adults, children, along with youth and their families each year through a network of community based providers and unique government delivered services. DMH operates Saint Elizabeths Hospital, the Districts Inpatient Psychiatric Facility, the Comprehensive Psychiatric Evaluation Program (CPEP) and a network of agencies including certified Core Service Agencies (CSA) providing an array of community based Mental Health Services. The Department of Mental Health is the State Mental Health Authority under District law.

DMH is seeking Mental Health Community Residential Facility (MHCRF) providers with the ability to provide structured residential services for individuals living with serious mental illness. The successful Contractor shall demonstrate the ability to provide intensive residential support and services to Consumers enrolled in the public Mental Health System, diagnosed with a serious mental illness requiring intensive behavioral and medical supports within a structured and supervised residential setting.

The purpose of this effort is to provide culturally and linguistically appropriate intensive residential supports and services to individuals living with serious mental illness in the least restrictive environment. The philosophy of DMH is that Consumer choice is a primary determinant of residential placement decisions. The goal is to assist Consumers to become fully integrated into their community. The successful Contractor shall be required to develop a Transition Plan to support community integration and utilize the Critical Time Intervention (CTI) Model to support Consumers who choose to move from the MHCRF and live in a less restrictive placement. All of the services of the MHCRF must be designed to support a recovery focus and the system must offer sufficient supports that allow people to remain in the housing they choose. DMH's goal is to enable as many individuals as possible to live in permanent supportive housing and to use the MHCRF settings, whenever possible as transitions to permanent supportive housing settings.

According to a review of Community Residential Facilities (CRFs) conducted in 2010 by the DMH, Consumers view the MHCRF as their home. This type of placement provides people with the opportunity to develop social relationships and prevents them from becoming totally isolated within the community. However, Residents complained that the lack of privacy, self-management and self-determination are significant negative features of congregate living. The Contractor shall develop strategies to address these barriers to independence including but not limited to ensuring that Residents have access to their homes during the day and are provided a range of daytime options other than Day Treatment services that appropriately respond to their individual treatment and support needs.

Some decisions require more in-depth review by the Care Coordinator.

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Director, Contracts and Procurement/Agency Chief Contracting Officer in the administration of this contract, or by the Director, Contracts and Procurement/Agency Chief Contracting Officer's failure to act within the time specified in this contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the contract modified in writing accordingly.

- I-11.2 The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurring of costs allocable to the work covered by the order during the period of work stoppage. Within a period of ninety (90) days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall either cancel the stop-work order; or terminate the work covered by the order as provided in the Default or Termination for Convenience clauses in the Standard Contract Provisions (Attachment J-1).
- I-11.3 If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Director, Contracts and Procurement/Agency Chief Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly.
- I-11.4 If the stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and the Contractor asserts its right to the adjustment within thirty (30) days after the end of the period of work stoppage; provided, that, if the Director, Contracts and Procurement/Agency Chief Contracting Officer decides the facts justify the action, the Director, Contracts and Procurement/Agency Chief Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- I-11.5 If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the District, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- I-11.6 If a stop-work order is not canceled and the work covered by the order is terminated for default, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

M.6 PREFERENCE 12 Points

M.7 TOTAL 112 Points

M.8 CLAUSES APPLICABLE TO ALL OPEN MARKET SOLICITATIONS

M.8.1 Preference for Subcontracting to Open Market solicitations with No LBE, DEB, RBO Subcontracting Set Aside

- A. Preference for Local Businesses, Disadvantaged Businesses, Resident Business Ownerships or Businesses Operation in an Enterprise Zone.

1. General Preferences

Under the provisions of D.C. Law 13-169, "Equal Opportunity for Local, Small, or Disadvantaged Business Enterprises Amendment Act of 2000" (the "Act", as used in this section), the District shall apply preferences in evaluating offers from businesses that are local, disadvantaged, resident business ownership or located in an enterprise zone of the District of Columbia.

For evaluation purposes, the allowable preferences under the Act for this procurement are as follows:

1. Four percent reduction in the bid price or the addition of four points on a 100-point scale for a local business enterprise (LBE) certified by the Local Business Opportunity Commission (LBOC);
2. Three percent reduction in the bid price or the addition of three points on a 100-point scale for a disadvantaged business enterprise (DBE) certified by the LBOC;
3. Three percent reduction in the bid price or the addition of three points on a 100-point scale for a resident business ownership (RBO), as defined in Section 2 (a)(8A) of the Act, and certified by the LBOC; and
4. Two percent reduction in the bid price or the addition of two points on a 100-point scale for a business located in an enterprise zone, as defined in Section 2(5) of D.C. Law 12-268 and in 27 DCMR 899, 39 DCR 9087-9088 (December 4, 1992).

Any prime Contractor that is a LBE certified by the LBOC shall receive a four percent (4%) reduction in bid price for a bid submitted by the LBE in response to an Invitation for Bids (IFB) or the addition of four points on a 100-point scale added to the overall score for bids submitted by the LBE in response to a Request for Proposals (RFP).

Any prime Contractor that is a DBE certified by the LBOC shall receive a three percent (3%) reduction in the bid price for a bid submitted by the DBE in response to an IFB or the addition of three points on a 100-point scale added to the overall score for proposals submitted by the DBE in response to a RFP.

Any prime Contractor that is a RBO certified by the LBOC shall receive a three percent (3%) reduction in the bid price for a bid submitted by the RBO in response to an IFB or the addition of three points on a 100-point scale added to the overall score for proposals submitted by the RBO in response to a RFP.

Any prime Contractor that is a business enterprise located in an enterprise zone shall receive a two percent (2%) reduction in bid price for a bid submitted by such business enterprise in response to an IFB or the addition of two points on a 100-point scale added to the overall score for proposals submitted by such business in response to a RFP.

B. Preferences for Subcontracting in Open Market Solicitations with No LBE, DBE, RBO Subcontracting Set Aside

The preferences for subcontracting in open market solicitations where there is no LBE, DBE or RBO subcontracting set aside are as follows:

1. If the prime Contractor is not a certified LBE, certified DBE, certified RBO or a business located in the enterprise in an enterprise zone, the District shall award the above-stated preferences by reducing the bid price or by increasing the points proportionally based on the total dollar value of the bid or proposal that is designated

- by the prime Contractor for subcontracting with a certified LBE, DBE, RBO or business located in an enterprise zone.
2. If the prime Contractor is a joint venture that is not a certified LBE, certified DBE or certified RBO joint venture, or if the prime Contractor is a joint venture that includes a business in an enterprise zone but such business located in an enterprise zone does not own and control at least fifty-one percent (51%) of the joint venture, the District shall award the above-stated preferences by reducing the bid price or by increasing the points proportionally in the proposal based on the total dollar value of the bid or proposal that is designated by the prime Contractor for a certified LBE, DBE, RBO or business located in an enterprise zone, for participation in the joint venture.

For Example:

If a non-certified prime Contractor subcontracts with a certified local business enterprise for a percentage of the work to be performed on an RFP, the calculation of the percentage points to be added during evaluation would be according to the following formula:

$$\frac{\text{Amount of Subcontract}}{\text{Amount of Contract}} \times 4^* = \text{Points Awarded for Evaluating LSDBE Subcontracting}$$

*Note: Equivalent of four (4) points on a 100 point scale

The maximum total preference under the act of this procurement is twelve percent (12%) for bids submitted in response to an IFB or the equivalent of twelve (12) points on a 100-point scale for proposals submitted in response to a RFP. Any prime Contractor receiving the full bid price reduction or point addition to its overall score for a particular preference shall not receive any additional bid price reduction or points for further participation on a subcontracting level for that particular preference.

However, the prime Contractor shall receive a further proportional bid price reduction or point addition on a different preference for participation on a subcontracting level for that different preference. For example, if a LBE prime Contractor receives the four percent bid price reduction or the equivalent of four points on a 100-point scale, the LBE prime Contractor does not receive a further price reduction or additional points if such Contractor proposes subcontracting with an LBE. However, if this same LBE prime Contractor proposes subcontracting with a DBE, the LBE prime Contractor receives a further proportional bid price reduction or point addition for the DBE participation on the subcontracting level.

C. Preferences for Open Market Solicitation with LBE, DBE or RBO Subcontracting Set Aside

If the solicitation is an open market solicitation with LBE, DBE or RBO subcontracting set-aside, the prime Contractor shall receive the LBE, DBE, or RBO preferences only if it is a certified LBE, DBE or RBO. There shall be no preference awarded for subcontracting by the prime Contractor with a LBE, DBE or RBO, even if the prime

Contractor proposes LBE, DBE, or RBO subcontracting above the subcontracting levels required by the solicitation. However, the prime Contractor shall be entitled to the full preference for business located in an enterprise zone if it is a business located in an enterprise zone or a proportional preference if the prime Contractor subcontracts with a business located in an enterprise zone.

The maximum total preference under the Act for this procurement is twelve percent (12%) for bids submitted in response to an IFB or the equivalent of twelve (12) points on a 100 point scale for proposals submitted in response to a RFP.
